

## COPYBOX 11 ADVANCED

Introduction - Features - Specifications

### INTRODUCTION

The CopyBox 11 "Advanced" is a stand-alone DVD duplicator, suitable for users who regularly need to duplicate many recordable CD's or DVD's. The CopyBox Advanced duplicator offers some special features. The unit has one CD/DVD reader and eleven CD/DVD writers; the unit also includes an USB data port on the front of the controller. This USB port allows data to be copied directly from USB stick (or any memory card using an adapter) to CD or DVD.

Other features of the CopyBox Advanced are the possibility to use the duplicator as a **LightScribe printer**. When fitted with optional LightScribe™ CD/DVD writers, the CopyBox 11 duplicator can print eleven LightScribe CD's or DVD's simultaneously. A LightScribe print file can be created using the included labeler software and transferred to the CopyBox on disc or USB stick.

An **internal hard drive** can also be fitted as an optional extra. The internal hard drive is used to store CD/DVD images. Once copied to the hard drive, master discs are no longer required for duplication. The main advantage when duplicating from the internal hard drive is the maximum stability and reliability; read errors are eliminated.

Operating the CopyBox 11 is quite simple; all functions are selected using the LCD display and control buttons on the front of the unit. This makes the CopyBox suitable for all users.

### FEATURES

- Stand-alone operation, easy to follow menu.
- USB data port for direct duplication from USB to CD/DVD.
- Optional **LightScribe CD/DVD printing** without computer.
- Optional **internal hard drive** for storing CD/DVD image files.
- Suitable for all users, no computer knowledge required.
- One CD/DVD reader, eleven CD/DVD writers.
- Maximum 24x DVD copy speed; a DVD copy in approx. 5 minutes.
- All common recordable CD and DVD disks are supported.
- Easy operation through a LCD display and control buttons.
- 100% reliable copies due to the integrated control functions.
- Also available as **Blu-Ray duplicator**.
