

## COPYBOX 23 COMPACT FLASH DUPLICATOR

Introduction - Features - Specifications

### INTRODUCTION

The CopyBox 23 CF duplicator is suitable for users who regularly need to duplicate CompactFlash memory cards. The system operates completely stand-alone, without software or PC connection. The CopyBox 23 CF can simultaneously duplicate 23 CompactFlash cards from one "master" card. Just insert the master CF memory card into the master data port, insert empty CF cards in the target data ports and press the button to start duplicating!

The CopyBox 23 CF offers a maximum duplication speed of 33 MB/s, per individual port. This allows a data throughput of 118 GB per hour, per port. However, most current CF cards offer lower writing speeds which makes the CopyBox production capacity dependant on the specific Compact Flash media used.

Operating the CopyBox 23 CF is quite simple; all functions are selected using the LCD display and control buttons on the front of the unit. This makes the CopyBox suitable for all users. In addition to the regular Copy and Compare functions, the CopyBox CF duplicator also offers a number of special features;

- Capacity Check (checks the real flash memory capacity on a CF memory card)
- Quick Format (formats CF cards FAT16/32)
- Quick/Full Erase (erases data from CF memory cards)
- DoD Erase (erases media 3x according to the Department of Defense standard)
- Measure Speed (measures the real read and write speeds of CF cards)
- Media Check (checks if the entire CF card can be read and written)

### FEATURES

- Stand-alone operation, easy to follow menu.
- Suitable for all users, no computer knowledge required.
- One master data port and 23 target data ports.
- Maximum copy speed 33 MB/s, per port.
- Compatible with all CompactFlash memory cards.
- Format, Erase, Media Check en Capacity Check functions.
- Easy operation through a LCD display and control buttons.
- 100% reliable copies due to the integrated control functions.
- Also available as 7 or 15 CF port models.
- Also available as MicroSD, Secure Digital or USB duplicator.

### SPECIFICATIONS

- **Included**
  - CopyBox 23 CF
  - Power Cable
  - User Manual
- **Writing Speeds**
  - Maximum 33 MB/s per port (depending on the media used)
- **Connection**
  - Stand-alone
- **Dimensions (LxWxH)**
  - 42x18x60 cm
- **Weight**
  - 12,3 kg
- **Power Supply**
  - 100-120 VAC or 220-240 VAC, 50/60Hz, 500 Watt, Switchable
- **Operating Conditions**
  - In use : 5°C to 35°C (RH: 23% to 80% non condensing)
  - Not in use : -20°C to 60°C (RH: 23% tot 90% non condensing)
- **Data Ports**
  - 1x Read, 23x Write
- **Production Capacity**
  - Maximum 118 GB per port, per hour
- **Supported Formats**
  - FAT16/32/NTFS/Linux (Ext2,Ext3)
- **Supported Media**
  - CompactFlash memory cards
- **Warranty**
  - Standard **1 year carry-in warranty**
